Vinification: The fruit was crushed, de-stemmed and chilled. The juice remained in contact with the skins until the desired flavour and colour was achieved. Free run juice was settled and clarified prior to fermentation in closed stainless steel tanks.

Oak Maturation: Unoaked to retain varietal flavours.

Assessment: Aromas of fresh strawberry and wild herbs. Ripe and juicy berry flavours on the palate make this wine a sensationally fresh drink. Full soft acid and tannins round off an elegant and long palate.
